Products & Accessories
by Advanced Bionics
Dear Valued Customer:

Advanced Bionics is committed to delivering quality products and services throughout your journey to hearing. The HiResolution™ Bionic Ear System was designed to help cochlear implant recipients maximize their hearing potential and experience as much of the full spectrum of natural sound as possible.

This product catalog features accessories and components that can be used to customize **AB sound processors** to fit your lifestyle and hearing needs—in the classroom, in the boardroom, in the pool, or on the ski slopes. We invite you to browse the catalog and contact us if you have any questions.

We welcome your comments about the HiResolution Bionic Ear System or any part of your cochlear implant experience so that we can continue to develop innovative products that help you hear your best.

**Thank you for giving AB the opportunity to improve your life with the rich World of Sound.**

Sincerely,

Advanced Bionics Customer Service

Developed for all ages and lifestyles, the lightweight Neptune sound processor features the industry’s first freestyle™ design, allowing you or your child to hear your world with the comfort and beauty of nothing on the ear. Only Neptune gives you the freedom to choose your wearing style—in your hair, on your arm, under your collar, in your pocket—thanks to an array of flexible accessories. Whether you want to take it for a swim, tuck it away discreetly, or show it off with a wide range of fashion-forward colors, the freestyle design lets you wear it how you like it!

HEADPIECES

Customizable with a Selection of Color Caps, AB's Headpieces are Designed for **comfort, convenience, and style.**

There are two headpiece options for use with Advanced Bionics sound processors: the Universal Headpiece and the AquaMic. Compatible with all AB processors, the Universal Headpiece has been developed for use during everyday activities and features a sleek, low-profile design. Fully waterproof for use with the Neptune sound processor, the AquaMic is designed for hearing while swimming, bathing, and showering. Headpiece caps and cables come in a variety of colors to choose from for mixing and matching or blending in with hair and skin.
